

## CUER plate lifting clamps for hoisting stainless steel plates

### Product information

For safe lifting and transporting in vertical position of stainless steel plates.

#### Properties

- Segment, segment axis and pivots are made of stainless steel.
- The housing and the latch pin are nickel plated to prevent the contact between carbon steel and stainless steel plates.
- Always equipped with a safety mechanism, ensuring the clamp does not slip when lifting force is applied and when load is being lowered.

**Marking:** According to standard, CE-marked

**Standard:** EN 13155, EN 12100
